Our Name...

(nān'gōt) Definition: A female goat and a country dwellers term of endearment, which I have always called, Nancy, my daughter. So, come time to name the restaurant, the only choice was Nanny Goat's!

I grew up in Kilgore and always said "When I get old, I'm moving home" and I did. I begged my children to come with me but they said "NEVER!" Well--they're both here--so never say never. We hope you like our food and welcome any comments for improvement.

Bon Appetit!
